REVIEWS

"Dawna Stafford has the perfect blend of songs between original and well-known covers. Her original songs are poetic and real while standing out from each other and without sounding formulaic or common. Her well known covers are in many cases more enjoyable than the original cuts in my opinion."

"Watching and listening to Dawna sing and play her guitar is a real pleasure. Her warm and sincere personality immediately endears her to you and you can't help but be at ease as she croons well-loved favorites or one of her convincing original ballads. Her songs will warm your heart and her smile will warm your soul."

"Calcagno Cellars was fortunate to host the sweet sounds of Dawna Stafford in our downtown Troutdale tasting room. Our customers enjoyed listening to her guitar-accompanied vocals with her original music, covers, and holiday tunes while sipping their wine. Thank you to Dawna!"

-Shauna, Calcagno Cellars Winery
